Cost of city water may increase

by Ferrin Cox
Publisher

The Elba Water and Electric Board is considering some revisions in the user rates for city water. Reviewing the proposal at the last board meeting, board members were told the new, increased rates would affect mostly heavy water users.

The board took no action, but members agreed to study the plan and discuss it at the July meeting.

Comparisons with surrounding communities indicate Elba rates are much lower than those in other Alabama communities.

The statewide report shows Andalusia, Opp, Sanson and Enterprise

water rates higher than those in Elba. One example in the higher volume use shows Elba customers paying 60¢ per 1,000 gallons, compared to \$5.04 in another community for the same amount of additional water.

Engineer Bobby Lee reported to the board, from the statewide survey, that 8,000 gallons of water presently cost a home owner in Elba \$6.75, while the same amount of water in Enterprise would cost a home owner \$33.23.

Again, reporting from the statewide survey, the average minimum water rate, without commercial, for communities the size of Elba is \$9.42 while Elba charges only \$5.35 minimum. This includes normally higher rural rates from across the

state. The average for the first thousand gallons above the minimum is \$2.54, while Elba charges only 70¢ for the same amount.

The proposal under consideration for a household with a 3/4" meter (the normal) would be \$7.00 for the first 3,000 gallons.

The next 3,000 gallons would cost 90¢ per thousand gallons. That rate drops in steps to 60¢ per thousand and for all water over 16,000 gallons.

Rural water rates would be higher, with the minimum set at the same \$7.00, but for only 2,500 gallons. These rates would step down to 80¢ per thousand gallon for all over 12,000 gallons.

FLOOD CONTROL TOPIC OF DISCUSSION...Recently, the Choctawhatchee-Pea Rivers watershed Management Authority sponsored a seminar, which was conducted by the U. S. Army Corps of Engineers (COE), Mobile District, concerning levee maintenance and proper flood fighting methods. Numerous county and city officials from Elba and Coffee County attended the workshop held at Elba Elementary School. Also attending were representatives from the Emergency Management Agency (EMA), Alabama Department of Transportation, Alabama Electric Co-Operatives, Southeast Alabama Gas District, and Alabama Power Company.

The workshop was conducted by COE personnel Elaine Willis, Chief of Plan Development Section; Ray Gustin, Chief of Soil Design Section; and Cecil Jernigan, Project Engineer, Coastal Engineering & Hydraulic Design Section.

The seminar addressed modes of levee failure both external (overtopping and physical stability) and internal (piping) along with prevention measures. Also discussed were proper flood fighting methods such as an emergency action plan, flood fighting resources, available Corps assistance programs and correct levee maintenance and regular inspections.

Some of the seminar participants pictured above are (l-r): Charles Pearce, Henry Clark, Cecil Jernigan, Ray Gustin, Elaine Willis, Chuck Agar, James Kelley, Rep. Jimmy Holley, Charles Webb, and Glen Zorn.

Voters must return to the polls June 28

by Marvin McLwain
Editor

Coffee County voters, as well as voters statewide, will once again return to the voting booth on June 28th for a run-off election.

There are three statewide offices and four local offices that do not have a Democratic nominee. Also, the Republican Party has to determine a nominee for Governor, Secretary of State, and Commissioner of Agriculture & Industries.

On the Democrat side of the ballot, Ryan deGraffenried, Jr. will face Don Siegelman for the U. S. Governor nomination.

Locally, in the race for State Senator, District 31, Terry Ellis faces Larry Lee.

The State Representative, District 91 race sees Kirk Donaldson facing Terry Spicer to determine who the nominee will be.

In the race for the Democratic nominee for Sheriff of Coffee County, Ben Meates will face R. W. "Ronnie" Whitworth.

In the race for Coroner - Elba Division, the voters will decide who the nominee will be, Preston Kelley or Marvin McLwain.

Statewide races will see Charley Baker running it off against Johnny Ford in the race for State Auditor.

For Commissioner of Agriculture & Industries, voters (Democrats) will choose between Mac Parsons and A. W. Todd.

The Republicans, statewide, have to decide on nominees for Governor, Secretary of State, and Commissioner of Agriculture & Industries.

Ann Bedsole will face Fob James, Jr. for the nomination in the Governor's race.

In the race for Secretary of State, the choice will be between Vickie W. Garvin and James K. "Jim" Watley.

Republicans will nominate Nathan Lipscomb or Jack Thompson for the office of Commissioner of Agriculture & Industries.

The following is the "official" re-

sults in some of the statewide races for the Democratic nomination.

Governor - Jim Folsom, Jr. 380,227; Paul R. Hubbard 285,554; Mrs. Frank Ross Stewart 24,254; Tom Hayden 13,532.

U. S. Governor - Don Siegelman 273,621; Ryan deGraffenried, Jr. 260,572; George Wallace, Jr. 174,302.

Supreme Court, Place 1 - Hugh Maddox 323,218; Claude D. Neilson 243,542.

Supreme Court, Place 4 - Terry L. Butts 312,218; Gene Reese 271,339.

Secretary of State - Jim Bennett

389,299; Melvin G. Cooper 156,222.

State Treasurer - Lucy Baxley 313,154; Elizabeth Alexander 157,184; Steven R. Phelps, Sr. 96,958.

State Auditor - Johnny Ford 210,635; Charley Baker 166,869; Karen C. Haiden 114,464; Roger Schneider 70,433.

Commissioner of Agriculture - A. W. Todd 276,233; Mac Parsons 141,955; H.H. "Bill" Adams 125,193; Karen C. Hammac 58,152.

Public Service Commissioner, Place 1 - Jan Cook 450,474; Champ Crocker 137,160.

Some of the seminar participants pictured above are (l-r): Charles Pearce, Henry Clark, Cecil Jernigan, Ray Gustin, Elaine Willis, Chuck Agar, James Kelley, Rep. Jimmy Holley, Charles Webb, and Glen Zorn.

***** LATE NEWS BULLETIN *****

A shooting that occurred at approximately 8:45 p.m. Tuesday night left one man dead and another in the custody of police. At 8:51 p.m., the police were called to a residence on Herman Driggers Drive in response to a report that someone had been shot. Upon arriving at the scene, officers discovered that Billy Clifton Whitehead, Jr., age 32, of Route 1, Elba had been shot once in the chest. He was pronounced dead shortly after being transported to Elba General Hospital by a unit of the Elba Rescue Squad.

At press time, police were holding Timothy Ferrell Edge, age 37, of Route 1, Elba, for questioning in connection with the shooting. The Elba Police Department is conducting the investigation into the shooting assisted by the DA's Office and the Alabama Department of Forensic Science.

The Elba City School Board meeting on Thursday night, named Mrs. Marsha Oggs to fill the counsellor's position at the Elba Elementary School. This position became open with the appointment of Mrs. Hamette Boyd as superintendent. Present plans are to begin machine drafting and/or graphic arts courses at the high school. Pearce added that this was done in response to the needs of area industries.

Mrs. Oggs had been working as one of two Home Economics instructors in the high school. That position will not be filled.

Superintendent Charles Pearce said this will cut into commercial sewing class which has been taught in the past, but surveys by the administration indicates that area sewing firms prefer to train their own workers.

However the high school will be adding a "day trade unit" in the vocational department. Present plans are to begin machine drafting and/or graphic arts courses at the high school. Pearce added that this was done in response to the needs of area industries.

BRAINSTORMS

With Ferrin Cox

We are already coming up on another election date. The run-off election for both the Democratic and Republican primaries are set for next Tuesday. We urge you, beg you, command you, etc. to please be sure your vote is counted next Tuesday night. Our belief in the American system of government is based on "the people" speaking. When the people fail to speak at the appointed time... the system is threatened with failure. We only have to look back to June 7th to see the importance of one single vote. The District 3 school board race ended in a dead tie vote and the decision was made, according to law, by the chairman of the Democratic committee. If only one additional person had taken the time to vote, this race would have been decided (one way or the other) by a majority of the people. Go vote!

Last week we published a full page of June 7th election results... with a big error in two vote totals. The totals in one of the Republican races were transposed. Funny thing is that The Enterprise Ledger made the same mistake the week before. That means someone on our staff got caught "copying." When you copy someone else's work, life is easier but you also run the risk of doing what a Clipper staff member did... you get caught making the exact same mistakes the other person made.

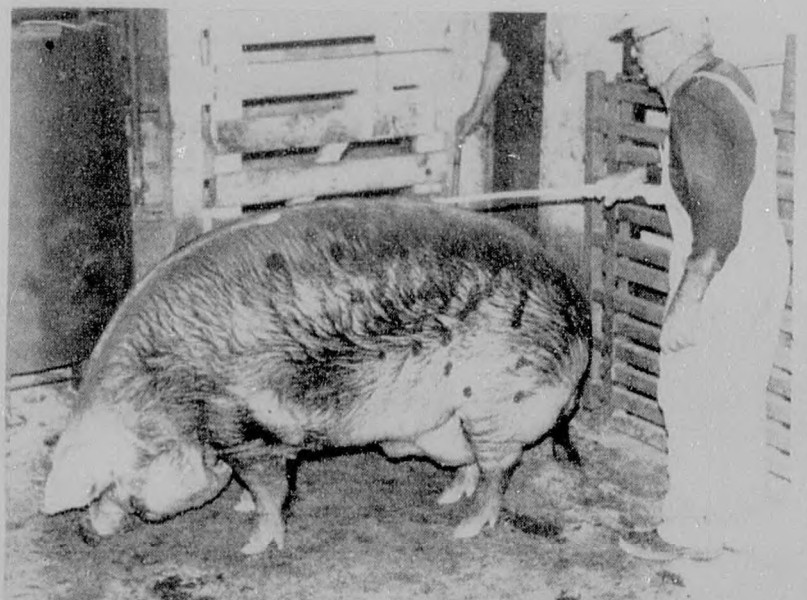

O. J. Simpson... laugh, our readers have got enough of that saga without us adding our opinion.

On special occasions my children enjoy finding a humorous card for their dad. Usually Michele wins that battle hands down. This time one of the boys produced a Father's Day card with a front page indicating three little words make us a great father. Flipping the page reveals the three little words... "Ask Your Mother!"

Indications are that Elba Elementary School students are turning in some top-of-the-line scores on statewide test. We have been promised a full report on this, and soon. However that may be delayed because Elba school teachers and officials are busy going everywhere and explaining to other educators "How it is done."

We have a picture on another page of my ol' fishing buddy Jake Morrow and his big Redfish. Any fisherman knows there are some cherished details which go with catching a big fish, especially on light tackle. Anyone who would like a blow-by-blow account should contact Jake or his fishing partner for that trip, who happens to also be his wife, Sammy. In other words, from one fisherman to another, please ask!

We have enjoyed many visits from the politicians during this political campaign. Campaigning is tough work and we are flattered that many have stopped by at times just because they needed a break and considered our offices a "safe haven." We can't vote for all them, don't even want to, but at least we can show respect for their efforts to preserve the American way of life. That is probably our best contribution to the political process.

NOW THAT'S A LOT OF BACON... Pictured above is what is thought to be the largest hog ever to pass through the Elba Stockyard. The hog weighed in at 1,070 pounds and was brought to the sale by Raymond Wright, of Prattville. James Andrews, a buyer with Capital Hog Buyers of Montgomery, purchased the pork-on-the-hoof. James Floyd, auctioneer for the sale, said that this was probably the largest hog that he has ever sold. Robert Kelley, who has worked the stockyard for a long, long time, stated that this was the largest hog that he had ever seen come through the sale. Others echoed his statement.

STATE SENATE - COFFEE, COVINGTON, DALE & HOUSTON COUNTIES

June 23, 1994

Dear Friends and Fellow Citizens:

The June 28 runoff election is less than one week away. My family and I have made so many new friends and we have learned a lot about the new district, and about ourselves. I am grateful for your support on June 7 and I am grateful for the hospitality you showed us.

This campaign has been very hard. We have been personally attacked with the money of the big business interest in Birmingham who have no interest in our district other than just another vote for the floor of the Senate. You have the chance next Tuesday to show them that people mean more than money.

I am asking that you give me the chance to represent you in the Alabama Senate. These are a few things I ask you to consider between now and next Tuesday:

1. **ROADS:** Highway 84 is the east-west artery connecting the major cities in this district. The current plan calls for Highway 84 to connect Dothan - Daleville - Enterprise - New Brockton - Elba - Opp - Andalusia. I will work for the plan upgrading this road because it will mean a safer and more prosperous district.
2. **OUR TWO-YEAR COLLEGES:** I will work to see to it that our 2-year colleges and trade schools are left alone. Mergers in other parts of Alabama have not saved any money and have not benefited students.
3. **SCHOOLS:** Any vote I have on school budgets or changing our schools, will consider teachers and parents first.
4. **TAXES:** I will not vote for any tax increases that do not allow the people to vote on them.

On any issue coming up for a vote in the Alabama Senate, I will consider what you want done. The only side I will take will be your side.

I thank you for the support you gave me when you elected me Alabama's State Auditor. I pledge to continue to work for what is right and what is fair.

Yours truly for a better Alabama,
Terry Ellis

LETTERS TO THE EDITOR

To The People Of Coffee County,

I would like to take this opportunity to thank everyone who supported me and voted for me during my campaign for State Representative from Coffee County.

I enjoyed meeting with you and listening to your views on the issues that affect Coffee County and Alabama. I apologize for not seeing more of you, but time would not allow me to personally speak to everyone.

I congratulate Mr. Kirk Donaldson and Mr. Terry Spicer on a well run race and wish them both luck in the upcoming run-off.

I would also encourage all registered voters to go to the polls on June 28 and vote for the candidate of their choice, because your vote does make a difference.

Thanking you for your time,
Charles Walker

Dear Sir:

The Democratic Process-what is that? Many of us thought we knew, but evidently we don't know. This was evidenced in the Primary Elections on June 7, 1994.

Mr. Harrell Carroll and Mr. Mark Donaldson, candidates for a position on the Coffee County Board of Education, received the same number of votes. Since there were many who would be in a run-off election on June 28, 1994; seemingly the natural turn of events would be a run-off between Mr. Carroll and Mr. Donaldson. This was not to be. Since this was not to be, what has happened to our meaning of democracy-government of the people, for the people, by the people?

T.V. newscasters reported on June 8, 1994, that probably the "tie" would be broken by a toss of a coin. Soon after that announcement, a newscaster reported there would be a winner declared by the Democratic Committee-not by a coin toss.

I may be naive, but, if I am, many others are, too. From all reports, hardly anyone knows about the Democratic Committee's policy to make the choice. Personally, I don't know if a committee or an individual made the choice. Either way it was not the voice of the people-the democratic process. To me we have allowed the committee to abuse the rights of the people to choose.

Hopefully this incident will not

curtail the ambitions of young, energetic, and concerned individuals from seeking important positions which determine future leadership responsibilities for our children and grandchildren.

I have no qualms about either candidate's qualifications for a membership on the Coffee County Board of Education. That is not the issue. This issue is the method used for the selection. The voters spoke on June 7, 1994, and I believe voters should be allowed to speak again on June 28, 1994.

Think about this please,
Mabel P. Grimes
Retired teacher of the Coffee County School System

Dear Editor & Fellow Coffee County Voters,

Being concerned about the future of Coffee County, I have been following the recent political races with a great deal of interest. It seems to me that the best way to move our county forward and to improve the quality of life for ourselves and our children is to have good, effective leaders in important elected positions. I sincerely believe there is a candidate for Representative who fits the bill.

Terry Spicer is a hard-working young family man who has done his homework on the complex issues of our county and state. His common sense approach to problems and his positive attitude are truly a "breath of fresh air." I am very impressed with his "Dann the torpedoes, full speed ahead!" mindset about doing whatever it takes to get new jobs, improve education, and safeguard the lives of our elderly people.

Terry Spicer loves Coffee County and wants all of us to work together in a spirit of unity to insure the dawning of a new and better day for Coffee County.

I urge you, my fellow Coffee County voters, to give Terry Spicer your most serious consideration as our next state representative.

Yours for a Unified and Progressive Coffee County

Dear Editor,

On March 1, 1979, my father, C. F. "Neil" Grantham, was shot and killed in front of the Coffee County Jail while performing his duties as sheriff of Coffee County. He had just begun serving his second term as sheriff, being sworn-in in January of 1979, the same day as Fob James was sworn-in as Governor of Alabama.

This letter is not about my father, but about the developments that followed his death and the politics that were played and the lies that were told. Considerable pressure was put on me to seek the appointment as sheriff and complete the unexpected term of my father. After much deliberation and soul searching, I decided not to pursue the nomination, but to support Chief Deputy Ray Norris, who had the total support of the members of the Coffee County Sheriff's Department.

I visited Governor James that I did not want the job. My family and I fully supported his pursuit of the appointment and on March 6, 1979, I visited Governor James in his office and conveyed to him the wishes of my father's family and the Coffee County Sheriff's Department for the appointment of Chief Deputy Ray Norris. Keep in mind that it is not uncommon in Alabama political history for a member of the family or friend of the family to receive an appointment in the case of death of an elected official.

I advised Governor James that it was my opinion and that of members of the sheriff's department that Ray Norris could continue the work of my father and carry on what my father had started, better than I or anyone else could. Governor James, while not promising to honor our request, did promise he would advise me of his decision prior to making the appointment and any announcement. I might reconsider myself for the appointment if for whatever reason he could not appoint Chief Deputy Norris.

Well folks, on Friday, March 9, 1979, eight days after my father gave his life in the line of duty, I first learned of the appointment of Bryce Paul as sheriff from one of the members of the sheriff's department, as the announcement had just been made in Enterprise. You can only imagine the betrayal I felt for the man we had elected to lead the State of Alabama. I immediately called the Governor's office, first being told he was not in, then upon calling again a little later, was advised he was in conference and they would have the

Governor call me back. I did receive a call from one of his assistants advising me of the Governor's appointment. I again asked to speak with Governor James and was told that was not possible. I then advised his assistant I needed an appointment to see "Fob" and would wait in his office as long as it would take. At this point the Governor came on the telephone, and it was at this point I lost my "cool" as I proceeded to tell the Governor of the State of Alabama my mother and father raised me better than that, to respect my elders.

I'm sorry I used some of the language I did, but I'm not sorry I let Fob know that he betrayed and lied to me and my family and this is the thanks my father gets for his years of service and dedication to the people of Coffee County and the State of Alabama.

Well that was 15 years ago, but a lie is a lie. It knows no time. If "Fob" will lie about something that was that serious, he would have no problem lying to you about some everyday problem.

I just wanted the people of the great state of Alabama to know what kind of man is trying to get re-elected to the office of Governor of the State of Alabama.

Kenneth N. Grantham

Dear Editor,

I am a member of the 1994 graduating class of Enterprise High School. We have been told all school year and on through graduation what a major step that is, we are now entering the new world of adulthood. At Baccalaureate the subject of our independence came up and some-what tongue-in-cheek was explained to us. On June 7, I took what I consider to be my first major step as adult. I went to the polls and voted. It was not the first time but it was the most important because I was pulling the switch to vote for the people I considered most able to handle the jobs they sought. My parents, my mother in particular, has always taught me about the importance of voting. Since I can remember I have always gone with one or both of my parents to vote. They looked upon it as an honor, a freedom, a duty, and I shall look upon it likewise.

However, being new at this I wasn't sure about some of the offices and asked people whose opinion I

value and who might know more than I about such things who they thought was the best candidate for the jobs. But there was one person whom I have known since I was a small child. I didn't have to ask anybody's help with this candidate. That person is Ben Moates, the best man for the job of Sheriff of Coffee County.

Mr. Ben, as we called him for so many years, has been a large part of my life since I can remember. He is a member of County Line Baptist Church where my family also are members. A lot of grownups don't have time for kids and young people, but you can't say that of Ben Moates. I know because he has shared his life with me.

But, I guess, these things alone do not qualify a man for sheriff. But a man who possesses these qualities in his everyday life cannot help but possess them in his work in dealing with anybody. This is the man we need for Sheriff of Coffee County. We need Ben Moates for sheriff. It is most important that June 28 you go to the polls and vote. Without your vote there will be no election. Do not think that others will vote and you won't have to because each and every vote is important. We owe it to each other to elect Ben Moates Sheriff of Coffee County.

We are already coming up on another election date. The run-off election for both the Democratic and Republican primaries are set for next Tuesday. We urge you, beg you, command you, etc. to please be sure your vote is counted next Tuesday night. Our belief in the American system of government is based on "the people" speaking. When the people fail to speak at the appointed time ... the system is threatened with failure. We only have to look back to June 7th to see the importance of one single vote. The District 3 school board race ended in a dead tie vote and the decision was made, according to law, by the chairman of the Democratic committee. If more of you, but time would not allow me to vote, this race would have only one additional person had taken the time to vote, this race would have been decided (one way or the other) by a majority of the people. Go vote!

Last week we published a full page of June 7th election results ... with a big error in two vote totals. The totals in one of the Republican races were transposed. Funny thing is that The Enterprise Ledger made the same mistake the week before. That means someone on our staff got caught "copying." When you copy someone else's work, life is easier but you also run the risk of doing what a Clipper staff member did ... you get caught making the exact same mistakes the other person made.

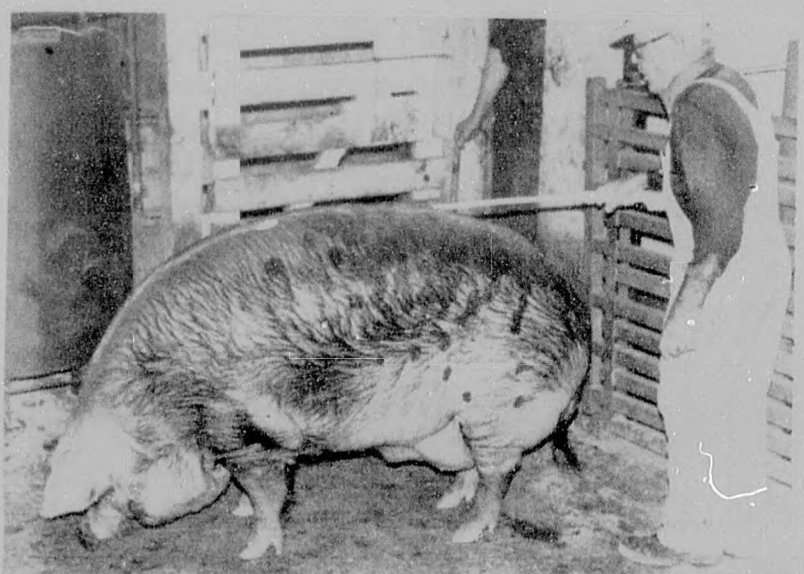

O. J. Simpson ... laugh, our readers have got enough of that saga without us adding our opinion.

On special occasions my children enjoy finding a humorous card for their dad. Usually Michele wins that battle hands down. This time one of the boys produced a Father's Day card with a front page indicating three little words make us a great father. Flipping the page reveals the three little words ... "Ask Your Mother!"

Indications are that Elba Elementary School students are turning in some top-of-the-line scores on statewide testing. We have been promised a full report on this, and soon. However that may be delayed because Elba school teachers and officials are busy going everywhere and explaining to other educators "How it is done."

We have a picture on another page of my ol' fishing buddy Jake Morrow and his big Redfish. Any fisherman knows there are some cherished details which go with catching a big fish, especially on light tackle. Anyone who would like a blow-by-blow account should contact Jake or his fishing partner for that trip, who happens to also be my wife, Sammy. In other words, from one fisherman to another, please ask!

We have enjoyed many visits from the politicians during this political campaign. Campaigning is tough work and we are flattered that many have stopped by at times just because they needed a break and considered our offices a "safe haven." We can't vote for all them, don't even want to, but at least we can show respect for their efforts to preserve the American way of life. That is probably our best contribution to the political process.

NOW THAT'S A LOT OF BACON... Pictured above is what is thought to be the largest hog ever to pass through the Elba Stockyard. The hog weighed in at 1,070 pounds and was brought to the sale by Raymond Wright of Prattville. James Andrews, a buyer with Capitol Hog Buyers of Montgomery, purchased the pork-on-the-hoof. James Floyd, auctioneer for the sale, said that this was probably the largest hog that he has ever sold. Robert Kelley who has worked the stockyard for a long, long time, stated that this was the largest hog that he had ever seen come through the sale. Others echoed his statement.

Governor James, while not promising to honor our request, did promise he would advise me of his decision prior to making the appointment and any announcement. I even advised the governor that I might reconsider myself for the appointment if for whatever reason he could not appoint Chief Deputy Norris.

Well folks, on Friday, March 9, 1979, eight days after my father gave his life in the line of duty, I first learned of the appointment of Bryce Paul as sheriff from one of the members of the sheriff's department, as the announcement had just been made in Enterprise. You can only imagine the betrayal I felt for the man we had elected to lead the State of Alabama. I immediately called the Governor's office, first being told he was not in, then upon calling again a little later, was advised he was in conference and they would have the

Governor call me back. I did receive a call from one of his assistants advising me of the Governor's appointment. I was the best candidate for the job. But there was one person Governor James and was told that was not possible. I then advised his assistant I needed an appointment to see "Fob" and would wait in his office as long as it would take. At this point the Governor came on the telephone, and it was at this point I lost my "cool" as I proceeded to tell the Governor of the State of Alabama what kind of liar he was. Now at that time I was a 28 year old banker and my mother and father raised me better than that, to respect my elders, I'm sorry I used some of the language I did, but I'm not sorry I let "Fob" know that he betrayed and lied to me and my family and this is the thanks my father gets for his years of service and dedication to the people of Coffee County and the State of Alabama.

Well that was 15 years ago, but a lie is a lie. It knows no time. If "Fob" will lie about something that was that serious, he would have no problem lying to you about some everyday problem.

I just wanted the people of the great state of Alabama to know what kind of man is trying to get re-elected to the office of Governor of the State of Alabama.

Dear Editor,

I am a member of the 1994 graduating class of Enterprise High School. We have been told all school year and on through graduation what a major step that is, we are now entering the new world of adulthood. At Baccalaureate the subject of our independence came up and somewhat tongue-in-cheek was explained to us. On June 7, I took what I consider to be my first major step as adult. I went to the polls and voted. It was not the first time but it was the most important because I was pulling the switch to vote for the people I considered most able to handle the jobs they sought. My parents, my mother in particular, has always taught me about the importance of voting. Since I can remember I have always gone with one or both of my parents to vote. They looked upon it as an honor, a freedom, a duty, and I shall look upon it likewise.

However, being new at this I wasn't sure about some of the offices and asked people whose opinion I

value and who might know more than I about such things who they thought was the best candidate for the job. But there was one person whom I have known since I was a small child. I didn't have to ask anyone's help with this candidate. That person is Ben Moates, the best man we need for Sheriff of Coffee County. We need Ben Moates for sheriff. It is most important that June 28 you go to the polls and vote. Without your vote there will be no election. Do not think that others will vote and you won't have to because each and every vote is important. We owe it to each other to cast our ballots. We owe it to each other to elect Ben Moates Sheriff of Coffee County.

Miss Mills & Mr. Sullivan

Mills-Sullivan wedding planned for August 6th

Mr. and Mrs. Roy Mills of Patsburg, Alabama, announce the engagement and forthcoming marriage of their daughter, Jennifer Lynn, to Timothy Mack Sullivan, son of Mr. and Mrs. Edward Sullivan of Elba.

The bride-elect is the granddaughter of Mrs. Mym Ruth Simmons and the late Mr. Woodrow Wilkerson of Patsburg and Mrs. Mollie Messick of Banks and the late Mr. Luther Mills of Ganit.

Jennifer is a 1993 graduate of Troy State University, where she received her Bachelor's Degree in Art Education and is currently seeking a

career in teaching.

The groom-to-be is the grandson of the late Mr. and Mrs. Marshall Turner of Enterprise and Mrs. Annie Sullivan of Elba and the late Mr. Edgar Sullivan of Enterprise.

Tim is a 1993 graduate of Troy State University where he received his Bachelor's Degree in Management. He is currently employed by Dorsey Trailers in Elba.

The marriage ceremony will take place at Joquin Baptist Church in Goshen, Alabama, on August 6, 1994, at 6:00 p.m. All friends and relatives are invited to attend.

"Before we can change Alabama, we have to change Alabama politics."

As Alabama's Attorney General, Don Siegelman won some tough fights. As your next Lieutenant Governor, he will take on another one: to clean up the Legislature, and make government accountable. Here's how:

- CUT OUT PORK PALACES.** We can put a stop to waste and secret funding. You'll know exactly how your tax money is being spent. Worthy local projects won't have to be hidden to be funded.
- STOP LEGISLATORS FROM RAISING THEIR OWN PAY.** As Lieutenant Governor, Don Siegelman will make lawmakers earn their pay and ask you, the voter, for a raise if it's deserved.

It's time government started working for you. In the June 28 runoff vote

Don Siegelman has the plan.

• SET STRICT LIMITS ON CONTRIBUTIONS AND GIFTS FROM LOBBYISTS.

Special interests would be able to buy votes with huge donations, lavish gifts and trips.

• END SECRET BUDGET MEETINGS.

No more backroom deals. Taxpayers will have 24-hour advance notice of meetings so you know when important bills are being considered.

• MAKE LEGISLATORS ACCOUNTABLE FOR THEIR VOTES.

As presiding official in the Senate, Don Siegelman will make sure senators' votes and attendance are published for you to see. He'll make the Legislature keep a schedule and pass budgets first.

Overstreet-Powell united in marriage

In a candlelight ceremony of tradition and elegance, Tracy Pleschette Powell and Lonnie Clay Overstreet were united in marriage. Reverend Ken Odum conducted the double ring ceremony at Enon Baptist Church on Saturday, April 16 at two o'clock p.m. Reverend Thomas Overstreet lead in an opening prayer.

The bride is the daughter of Mr. and Mrs. Paul E. Powell of Andalusia. She is the granddaughter of Mr. and Mrs. Wildon Bryan of Elba. The groom is the son of Mr. and Mrs. Lonnie C. Overstreet of Grove Hill.

Nuptial music was provided at the piano by Mrs. Gayle Larimore of Jackson.

Emerald bows on the outside columns and front added to the beauty of the church. The registry table accented with white linen cloth held a large arrangement of red roses and curly willow. Emily Bryan, cousin of the bride, presided at the bride's book.

The sanctuary of the church was beautifully decorated with white lilies, and fern. A white 15-branch candelabra and 2-seven branch candelabra, interspersed with ivy, fern, and accented emerald bows added to the elegance of the sanctuary. Bay leaves, ficus trees, and large Boston ferns banked the altar adding the finishing touch.

The family pews were marked with emerald bows, greenery, and bay leaves.

The candlelighting ceremony was carried out by Eddie Powell, brother of the bride, and Al Powell, cousin of the bride, thus setting the stage for the entrance of the bride.

After the seating of the mothers and grandmothers, Emily Donaldson of Andalusia sang "The Wedding Song". Emily also sang "Only God Could Love You More" after the lighting of the unity candle and "The Lord's Prayer" after the benediction.

The bride entered the sanctuary to Wagner's "Wedding March" and was given in marriage by her father. She was radiant in her gown of white satin. The fitted bodice was overlaid with beaded lace appliques and featured a scalloped edge interspersed with iridescent and seed pearls coming to a point below the waist. Tany satin covered buttons were used in the back down below the waist. Long drop pearls hanging from sheer lace enclosures at the collar and accented the partially open back of the bodice adding much beauty to the gown. The sleeves were puffed at the top fitting to a point at the elbow. They were overlaid with silk lace ap-

pliques beaded with iridescent and miniature pearls. The full ballgown skirt fell delicately from the basque waistline. Fashioning the ballgown skirt was a large bow below the waist in the back which fell to a cathedral length train. The train was enhanced with two small bows, sequins, lace appliques and seed pearls with lace border.

The veil was a fingertip length of silk illusion which fell from a pointed seed pearl hair piece. She wore pearl earrings and a pearl necklace that was a gift from the groom.

The bride carried a cascading bouquet made of four dozen red roses, white orchids, ivy, and baby's breath. White lace ribbon accented the beauty of the arrangement.

Maid of honor was the bride's sister, Miss Paula Powell of Montgomery. Bridesmaids were: Miss Julie Powell of Troy, sister of the bride; Miss Nancy Harris of Ozark; and Miss Karen Stocks of Montgomery, college friends of the bride.

The bridesmaids wore dresses of emerald denier moire tulle. The full lace length skirt featured a basque waistline. The bodice had a princess neckline with rosettes at the top of puffed sleeves. The bridesmaids each carried a bouquet of white lilies, greenery, and baby's breath. They each wore pearl earrings, a gift from the bride.

Rebecca Powell, cousin of the bride, was the flower girl. She wore a floor length white dress with lace appliques and modified train made of rows of lace trim. She carried a white scalloped edge basket filled with white rose petals and accented with red roses to match the bride's bouquet. Jake Paul of Grove Hill, cousin of the groom, was the ring bearer. He carried a white satin pillow edged with lace.

The best man was the groom's father, Lonnie Overstreet of Grove Hill.

Groomsmen were: Marcus Gordon of Grove Hill; Brad O'Dell of Prattville, both college friends of the groom; Al and Cory Powell of Andalusia, cousins of the bride. The groom, groomsmen, and ring bearer wore traditional black tuxedos and black bow ties. They wore boutonnieres of white roses and gypsophylla.

The mother of the bride chose a pale pink two-piece suit accented with white Battenburg lace tablecloth. A pearl necklace and earrings complemented her outfit as well as matching shoes.

The groom's mother wore a silk two-piece dress of teal with shoes to match. She also wore pearl earrings and necklace.

Bride's maternal grandmother, Trudie Bryan, chose a turquoise two-piece suit accented with white pearl buttons.

Groom's maternal grandmother Helen McLendon wore a teal dress with lace collar and fitted waist.

Bride's maternal great-grandmother Lois Hudson wore a blue suit with a white silk blouse.

The mothers, grandmothers, and great-grandmother all wore corsages of white roses, gypsophylla, and fern.

The wedding was directed by Mrs. Vickie Foy of DeFuniak Springs.

Immediately following the wedding, the couple was honored with a reception in the fellowship hall. The food tables were all covered in white linen tablecloths along with several huge arrangements of roses and curly willow. Ivy, bay leaves, and fern were used, adding color to the reception room. Large Boston ferns were used throughout. White netting cascaded from each window as well as emerald bows. The silver fountain punch bowl was the focal point on one table. Also a large arrangement using bridesmaids' bouquets added much beauty. The guests enjoyed hors d'oeuvres of sausage balls, cheese straws, chicken salad sandwiches, chocolate covered pretzels, cocktail sausage, pigs in a blanket, fruit trays, vegetable trays, dips, nuts, minis, and assorted desserts.

The registry table was covered with a white Battenburg lace tablecloth and held a miniature bride, a flower girl, and a ring bearer. Also a framed marriage license with a picture of the bride and groom, as well as several other pictures of bride and groom were used. A large gold-framed picture of the bride in her wedding gown was displayed on a brass easel. A slide presentation of the bride and groom through the years was enjoyed by all guests.

The bride's table, covered with a white Battenburg lace tablecloth, held the three-tiered wedding cake topped with a bride and groom, a gift from the groom's parents. Fresh white lilies and greenery surrounded the fountain underneath the cake. Stairs leading down to two satellite cakes displayed the four groomsmen and bridesmaids dressed in identical colors as those used in the wedding.

The groom's table was covered in an off-white Battenburg cloth with skirting held a silver punch bowl surrounded with red roses and the groom's cake was a double layer chocolate cake decorated with strawberries and grapes. Barbecued pork, pickled shrimp, crossants, and a dessert tray adorned the table.

Wendy Pruitt, Heidi Pruitt, Christine Paul, Jennifer Paul, and Kerry

Mr. & Mrs. Overstreet

McCallister, all cousins of the groom, presided at the groom's table.

Jennifer Nelson, college friend of the bride, and Crissy Anthony, cousin of the bride, served the bride's cake. The reception was directed by Lori Powell and Lisa Powell, cousins of the groom, was the ring bearer. He carried a white satin pillow edged with lace.

The best man was the groom's father, Lonnie Overstreet of Grove Hill.

The guests enjoyed watching as each gift was opened as well as recipes shared with much advice given the bride-to-be. An assortment of finger foods was served.

On March 19, an engagement cookout in honor of the couple was given by Mr. and Mrs. Tommy Windham in Alma. Other hosts were Mr. and Mrs. Paul Jackson. The couple received many useful handyman items to be used in their new home. Many family members and friends enjoyed grilling hamburgers and all the trimmings with the couple.

A lingerie shower was given in the Stratford Village Clubhouse in Montgomery on March 26. Hostesses were Paula Powell, Julie Powell, Nancy Harris, and Karen Stocks. Cheese straws, chocolate covered strawberries, nuts, and cake in the chosen colors was served.

Miss Sheffield & Mr. Dickerson

McCallister, all cousins of the groom, presided at the groom's table.

Jennifer Nelson, college friend of the bride, and Crissy Anthony, cousin of the bride, served the bride's cake. The reception was directed by Lori Powell and Lisa Powell, cousins of the groom, was the ring bearer. He carried a white satin pillow edged with lace.

The best man was the groom's father

MRS. LENA SMITH of Elba celebrated her 91st birthday, Wednesday, June 28. Mrs. Smith was married to the late Dick Smith of Elba. Her children are Mrs. Doug (Syble) Mann of Elba, and the late Charlie Robert Smith of Elba. She still likes to bake pies and cakes and loves everybody.

David Maddaloni celebrates 3rd birthday

Little David Maddaloni recently invited many of his friends and family to join him in celebration of his 3rd birthday, at his home in Millbrook, Ala. David is the son of Chris and Pam (Williams) Maddaloni. As guests arrived, David escorted his friends to a Moon Walk set up in his backyard by his parents as a surprise birthday gift. Everyone enjoyed a hotdog dinner and Teenage Mutant Ninja Turtle cake, after David opened many lovely and fun gifts. Joining the excitement with David were his grandparents, Herschel and Patsy Williams of Elba, his aunts, uncles, cousins, and a few close friends.

Wes Laird Supports Terry Ellis

Wes Laird is asking you to elect Terry Ellis State Senator. Laird, who conducted a campaign for the people, says Ellis has the courage to fight for people like us against the special interest behind Larry Lee.

Take a look at the people behind Larry Lee.

And we've got to stop Dothan. They've already got one Senator. Now they want another.

Dothan and Birmingham big money interests have already spent more money than most of us will ever see in a lifetime to elect Dothan's Larry Lee.

Lee is the candidate of Dothan, and of the polluters, who think that all we are good for is to take Northern trash and waste, haul it in Alabama soil.

These are the people behind Larry Lee.

Fight the big interests. Elect a Senator for people like us. That's not Dothan's Larry Lee. But it is Terry Ellis. For State Senate.

50TH WEDDING ANNIVERSARY CELEBRATION Mr. and Mrs. Coadie Nelson celebrated their 50th Wedding Anniversary on Sunday, June 12 at the First Assembly of God in Elba, Alabama. The reception honoring the Nelsons was given by their children and grandchildren, Mr. and Mrs. Ronny Inright, Mr. and Mrs. Bruce Nelson, Mr. and Mrs. Dwayne Brown, Scott Flowers and Billy Mitchell. The honored couple would like to thank everyone who helped make this a very special day.

DAR members celebrate Flag Day

On June 14, 1994, the DAR Chapters of District 7 celebrated Flag Day with a luncheon at the Lake Lodge Officers Club at Ft. Rucker. The DAR Chapters and Regiments involved were: John Coffee Chapter, Elba/Enterprise, Elsie S. Hilton, Regent; Oliver Wiley Chapter, Troy, Patsy Folmar, Regent; Robert Grierson Chapter, Headland, Martha Parks, Regent; Old Three Natch Chapter, Andalusia, Debbie Price, Regent.

The Flag Day program was presented by Col. Albert L. Patterson III, Col. Patterson is Commander of the 1st Aviation Brigade at Ft. Rucker. Col. Patterson is the son of a former Alabama Governor Albert I. Patterson II. He shared wonderful memories of his family with the group. He urged the DAR member to hold firm to the virtues on which America was founded. He commended the Daughters of the American Revolution for the work they do to preserve the heritage of the United States. Col. Patterson is very optimistic about the future of the U.S. Military. He says he is in contact daily with intelligent, patriotic and dedicated young people serving the country.

Col. Patterson reminded the DAR members and their guests that "flag stands for sacrifice and courage for all of our citizens and it's always important to remember. The program was adjourned with everyone repeating "The American Creed".

A highlight of the celebration was the presentation of the National DAR Award, the Community Service Award, to Mr. Jack R. Brunson of Elba. Mr. Brunson is President and CEO of the National Security Group, Inc., and its subsidiaries. Jack Brunson is responsible for the concept, construction, and ongoing maintenance of the privately financed Veterans Memorial Park in Elba. The park was dedicated in 1988 and over the years the Veterans of each major conflict have been

Area showing of Worldwide Pictures new "Eye of the Storm" set

Eye of the Storm is the new dramatic movie from World Wide Pictures, starring Connie Sellecca and Jeff Conaway, with Deborah Tucker. Returning from home covering the Persian Gulf War, award-winning TV journalist, Tom Edwards (Jeff Conaway) and his producer, Patricia "Pete" Peterson (Connie Sellecca) are given the task of "keeping the ratings high."

It puts them at odds, since Tom feels the best "story" is one which would trash the faith of returning servicemen and women. "The war is over, what role does God play now? Is He out in the open or has He been put back in the closet?" asks Tom in his TV interviews. "Pete" urges him to let God "speak" for Himself.

Tom's real war is at home with his daughter and within his own heart. In the wake of his wife's death, Tom immerses himself in his work, leaving Jill (Deborah Tucker) hurt and alone. Their struggling attempts to reach out to each other serve only to widen the gap between them.

Through the moving stories of soldiers from Operation Desert Storm and the faithful support of co-worker "Pete" Peterson, Tom comes to experience genuine peace in the midst of the storms that engulf him.

Family and Child Educational Services group (F.A.C.E.S.) is non profit organization

F.A.C.E.S. is the Coffee County affiliate of the AL Council on Child Abuse, Inc. F.A.C.E.S. stands for Family And Child Educational Services. It is a non-profit organization, supported, in part, by the Children's Trust Fund of AL. In addition to its K.A.R.E. bears program the organization provides many services. Our goal for the coming year is to extend some of these services into the entire county. The K.A.R.E. bear program distributes new, and pre-loved, stuffed animals to children in distress. These animals are available for any county agency, such as police, sheriff, or rescue squads. The local affiliate is providing weekly parenting classes for interested parents, and conducts many school-based programs. These programs are presented by a professional, licensed counselor, and designed to provide children with the skills which will help them avoid dangerous situations, and also the skills to report such danger. Child abuse is an ongoing problem not only in our country, but right here in Coffee County. F.A.C.E.S. strives to provide community awareness of this problem. As a volunteer organization we are always looking for man-power and for financial support. If you would like to volunteer, need a speaker, educational materials, or just like to learn more about F.A.C.E.S., please call us at 393-7460.

Mt. Gilead Baptist has new guidelines for church cemetery
Mt. Gilead Baptist Church has established new guidelines for the cemetery. This includes a \$250.00 fee for each new grave site. The increase is already in effect.

Members of the cemetery committee explained the increase was due to the ever increasing cost for the upkeep of the cemetery.

Cemetery committee members have already notified all funeral directors in the local area of this required grave site fee. Prior approval from a member of the Cemetery Committee must be obtained prior to preparation of a grave site.

For more information contact Wyndell Collier at 347-3806; Clinton McDaniel at 347-1942 or Larry Grimm at 393-2075.

Kathy, Melanie and I went fishing Saturday afternoon, and while we did enjoy the fresh air, the warm sun, and being outdoors, we didn't exactly bother the fish. I had a couple of nibbles, but never even saw a fish near my line, while Kathy did catch a fish and prevented us from getting skunked. Melanie watched her cork for a few minutes, but said she didn't want to catch any fish and then just watched Mom and Dad try their luck. Melanie said on the way home that she wanted to go again, but made it clear that fishing was "boring!"

KINSAUL STEPS DOWN AS GAMECOCK CAGE COACH

It was quite a shock last week to hear that New Brockton's Coach Bobby Kinsaul had decided to step down as the head basketball coach at New Brockton High School. Coach Kinsaul had been one of the most successful coaches ever at the basketball power for many years and never even came close to having a losing season, but told friends last week that he had decided to step down and remain a teacher and simply coach junior high football.

Coach Kinsaul coached in a pressure-packed location for many, many years and always had his teams ready to play and there was never any doubt that the Gamecocks would be well-coached and well-disciplined. Kinsaul turned down offers from bigger schools a number of times to remain at New Brockton and most thought he would coach the Gamecocks until he retired. However, I guess Coach Kinsaul decided that now was a good time to make a split from the program, and at the same time be able to remain at the school he cared so much about.

New Brockton basketball will miss Coach Kinsaul, but at least he'll still be around, and as long as his boys are growing up you can bet he'll never be far away from the field or the court. You did a great job coach, and you'll be missed on the court.

ENGLISH INCLUDED ON MOST WANTED LIST

Coaching vacancies come and go like the rain, but one name that is always mentioned when a coaching vacancy comes up is that of former Coffee Springs coach Ken English, now a private businessman in Elba.

English was one of the area's top basketball coaches for many years and left his mark of success at Westbrook High School, in Georgia; Ft. Deposit Academy, New Hope Junior High; Zion Chapel High School and Coffee Springs High School. At Coffee Springs, English followed the legendary Charles Cole and never missed a beat as he guided the rural junior high school to four conference championships in five years, a first ever trip to the state tournament and a record of 96 wins and 32 losses. Coffee Springs was where English really made his mark; however, as he inherited a basketball team that had won only one game in two seasons and in just three years rolled up 43 wins, while losing only 29, and guided the Golden Bears to the state tournament for the second time in the school's history.

English had the head football post dumped on him a month before the season began in 1989, but he just rolled up his sleeves and went to work as he inherited a team with a 2-26 game losing streak, and led the team to the second round of the state football playoffs. English was named the Coach of the Year in both football and basketball that season, quite a feat for any coach at any level.

English has been a successful businessman for the past four years, but at the same time never really left the sports scene, as he served as a volunteer assistant at New Brockton in basketball and girls softball, and coached his son in various levels of youth sports. English is now convinced that the time has come to get back in coaching full-time, and his name has been mentioned at several schools with coaching vacancies. I don't know where, or when, Coach English will make his return to the court, but I do know that wherever he goes the school and the students will be richly rewarded.

ON THE GRILL, ONCE OVER LIGHTLY....

***I watched the O.J. Simpson story develop Friday night like everyone else and have to wonder if it was really worth all the trouble and publicity that the networks went to to show us his arrest. Simpson is human, like all of us, and whether he killed two people will be decided in a court of law in front of a jury of his peers. Whether or not he tried to run away from the cops is meaningless. He returned to his home, knowing he would be arrested, and that should have put an end to the escape talk. I have my own opinions on whether or not he is guilty, but am convinced that the TV networks blew the whole thing out of proportion.

***I watched a little bit of the Braves 16-0 loss to the Reds Saturday night and then Sunday afternoon watched as the Reds scored seven runs in the first inning to take a quick lead. I am now a Braves fan and pull for Atlanta to win 'em all; however, their play over the weekend made me wonder if the days of Braves dominance is drawing to a close.

***The NBA finals will be over by the time you read this, but I think the pro basketball season lasts about three or four months too long. I know that it takes a lot of tickets to help pay the kind of salaries that are passed out in the NBA, but I also know that basketball is supposed to be a winter sport that is played when the weather is too bad to play some sports outside. To even think that the NBA season stretches out until June is ludicrous.

Elba to host Dixie Minor tourney beginning on July 8

The Elba Dixie Youth Baseball League will host the 1994 Dixie Minor Sub-District Tournament beginning on July 8, at Legion Field. The announcement was made last week after new alignment moved Elba out of the past Sub-District, and moved Elba up a year in the tournament rotation schedule.

Elba will host the double-elimination event, and also competing will be Greenville Nationals, Greenville Americans, Highland Home, Luverne, Troy Nationals and Troy Americans.

If Troy chooses not to participate, Brundidge will compete in the tournament, dropping the number of teams down to six, instead of seven.

Elba players key

to success of

area open team

The softball season is beginning its march toward state and national tournaments, and one of the state's top men's teams is based right here in South Alabama and includes four players from Elba and three from Enterprise.

The team, known as Hudson-Herring, is sponsored by Earl Hudson, of Samson, and Ray Herring, of Dothan, and has quickly moved up the softball ladder and last week moved into the nation's "Top 30" among major open teams.

Elba players on the team include Van Johnson, Greg Johnson, Glen Johnson and Jason Johnson, while also on the team are Gene Snell, Danny Strickland and David Strickland, of Enterprise; Duke Donaldson, of Cairo, Georgia; Eric Coker, of Panama City, Florida; and Ot Chandler, of Anniston.

Hudson-Herring carried a 53-26 record into competition this week and had tournament championships from Abbeville, Rome, Georgia; Pensacola, Florida, and Elba.

The team also brought home third place honors from Panama City and Milton, Florida; a fourth place trophy from Dothan, and placed fifth in the powerful Irish Deli Tourney, in Birmingham, where the team held a 14-run lead on defending national champion Backporch, before falling by one run.

Jason Johnson has had a big summer as he has batted .667 with 60 home runs, while brother Glen Johnson has batted .617 with 44 home runs, and brother Van has chipped in performing in a part-time role with a .605 average and 8 home runs. Greg, the fourth of the brothers, has just recently joined the team.

In winning a tournament last weekend in Elba, Hudson-Herring averaged over 42 runs per game and in one win outscored a team 51-49, rallying with a 20-run outburst in the top of the seventh.

BLUE JAYS WIN ELBA DIXIE MINOR CROWN - The Blue Jays posted a 10-2 record during the 1994 baseball season to claim the championship of the Elba Dixie Minor Baseball League. Pictured above are team members (kneeling, l-r) Kyle English, Justin Harbuck, Steve Winburn, Zack Gifford, Randy Danford and Jonathan Hart (standing, l-r) Ryan Kinsaul, Jody McCormick, Jeremy Mack, Eric Thomas, Brent Wallace, Joseph Sawyer and Ryan Middlebach; (Coaches, in back, l-r) Wade Danford, Head Coach Ken English and Alan Hart. In winning the league, Coach English earned the right to coach the Minor League All-Stars in the upcoming Sub-District tournament.

To compete with Enterprise, Geneva & Hartford

Elba DYL moving into new sub-district

Dixie Youth Baseball held its annual summer meeting last week and at the meeting announced a change in the make-up of several Sub-Districts in South Alabama. The Elba Dixie Youth League had been in the Sub-District with Greenville, Troy Nationals, Troy Americans and Luverne in recent years; however, under the new format, Elba will split from the old group entirely and beginning this season will compete in tournaments with Hartford, Geneva, Samson, Enterprise Nationals and Enterprise Americans.

The new alignment will separate

Elba from its old rivals of the past, but will make the Sub-District more compact in size and cut down in travel time for All-Star teams.

CHARLIE JOHNSON is pictured with a bobcat he caught disrupting his chickens. He said he had been having some trouble for several weeks, but didn't realize it was bobcats getting to his chickens. Johnson lives on Taylor Mill Road, just outside the bypass. He said there were two of the big cats bothering the chickens housed nearest the tree line. He said he shot them both, but the other one was apparently only wounded. He added, "But this one is graveyard dead." When told it was against the law to shoot a bobcat at night, Johnson smiled and said he was glad this one came around late in the afternoon this time instead of after dark like he had been doing.

JAKE LUBERT MORROW was fishing Wednesday, June 8th and caught this HUGE Redfish at Black Creek. The fish measured 27 inches long.

Men still required to register with selective service

Responding to a recent decision by the President, the U.S. House of Representatives voted on May 23 to continue the requirement for all men to register with Selective Service upon reaching age 18. The members considered a proposed amendment to the Defense Authorization Bill, H.R. 4301, that would have ended registration. The amendment was rejected 125 to 273.

Five days before the vote, President Clinton notified Congress that continuing draft registration and providing funding to operate the Selective Service System is "essential to our national security." In letters to the leadership of the House and Senate on May 18, the President based his decision on a recently completed review of the program by a National Security Council working group. He concluded that the Selective Service System and peacetime registration must be retained as a prudent military preparedness measure in an uncertain world, as a link between American society and the volunteer military, and as a symbol of national resolve.

Although there has been no need to draft men for military service during the past 21 years, the nation has maintained the capability to reinstate a 22-state major crisis. Since July 1980, draft registration has been an obligation of virtually every man, ages 18 through 25. Federal law requires that every man must register within 30 days of his 18th birthday. Each man completes a short form to provide Selective Service with his name, date of birth, address, phone

number, and Social Security number. Registration forms are available at any post office. Most men also receive a registration reminder in the mail a few months before reaching age 18, and they may use it to register by return mail. The Selective Service System has a telephone line dedicated to answering questions about registration: (708) 688-6888. Men who don't register are in violation of Federal law. Non-registrants can be prosecuted, and they are ineligible for Federal student financial aid, most Federal jobs, and job training. The law applies to all male immigrant aliens, 18 through 25 years old, as well as male citizens.

Why The Elba Christian Academy Meets Your Child's Needs

As we all know, good teaching does not guarantee proper learning. The question is not, "IS MY CHILD BEING TAUGHT?" The question is, "IS MY CHILD LEARNING THE NECESSARY SKILLS FOR LIFE?" The whole philosophy of the Elba Christian Academy is learning-based, not teaching-based.

The Elba Christian Academy has identified five fundamental "Laws of Learning", and we have made these learning concepts the very basis of the Elba Christian Academy program. These laws recognize that:

*YOUR CHILD MUST BE AT A LEVEL WHERE HE CAN PERFORM

*HE MUST HAVE REASONABLE GOALS

*HIS LEARNING MUST BE CONTROLLED, AND HE MUST BE MOTIVATED

*HIS LEARNING MUST BE MEASURABLE

*HIS LEARNING MUST BE REWARDED

With these laws in proper balance, your child will experience controlled, progressive, motivated learning, and your child will receive a proper diagnosis and prescription in all academic areas resulting in an academic program tailored JUST FOR YOUR CHILD! E.C.A. would like to announce the Pre-Registration for the 94-95 school year will begin on Monday, June 20-June 24, 1994 from 9:00 a.m.-3:00 p.m. Diagnostic testing will be July 18 & 19.

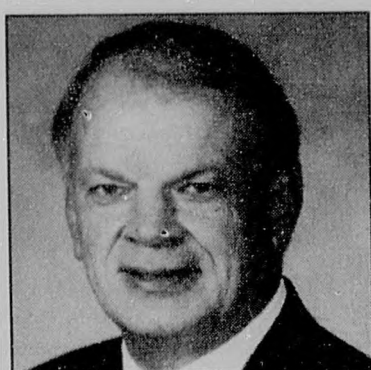

Sincerely,
Rev. Nelson Kimberley

DEMOCRATIC-PRIMARY RUNOFF

VOTE Kirk Donaldson

For Coffee County State Representative

I have traveled throughout Coffee County and talked with many of you. You have told me what you want.

I share your concern for rural community water and fire systems. I will work to upgrade our present county roads and bridges and I will seek better major highway construction.

I feel we MUST position Coffee County for more nursing home beds in Enterprise and Elba. We must continue the war on crime and drugs with tougher laws to protect citizens, teachers and students.

To our farmers, I want you to know that I will work closely with our federal legislators to continue the peanut program.

And finally, I will always be for responsible spending and no unnecessary taxes.

ATTENTION COFFEE COUNTY VOTERS

Due to misconceptions from area radio ads, I need to correct the misunderstandings that are circulating. I HAVE NOT publicly endorsed either of the candidates in the House of Representative's race.

However, I encourage all my loyal supporters to be sure they go vote on Tuesday, June 28th, and vote their convictions.

YOU DECIDE...

Proven Leader... Or Professional Politician?

Ryan deGraffenried, Jr.

Don Siegelman

Who led the fight against crime?*

Prosecutor, Tuscaloosa County District Attorney's Office, 1975. Put dozens of drug dealers, violent criminals behind bars.

Passed laws with tougher penalties for drug dealers, and pushed through tough new death penalty law.

Passed laws to help victims of child abuse, crimes against elderly and family violence.

Says he's tough on crime, but dropped 84 criminal cases in 1989-90 as attorney general. Never successfully prosecuted a drug case.*

Cut criminal division in half as attorney general. At same time, spent \$23,500 on new chairs and stationery.*

Used lawyers on staff as press publicity agents, instead of as prosecutors. Violent crime increased 26% when Siegelman held office, according to FBI.*

Who can save your tax dollars?*

In first year as presiding officer of senate, saved taxpayers over \$500,000 by cutting expenses in lieutenant governor's office, and eliminating or reducing professional services, contracts, consulting fees.

Eliminated press position in lieutenant governor's office.

Spent less than \$1,500 on out-of-state travel since election to senate in 1978.

Wasted thousands of dollars as attorney general by billing taxpayers for whitewall tires, political polls, \$15,000 to re-design office stationery, \$8,700 to buy new chairs.*

Added four press agents to personal staff while attorney general.*

Tripled travel budget as attorney general. Spent \$316,206 on out-of-state travel alone.*

Who has the integrity to change government?*

April 1993, opened legislative process to public, by requiring bills to be posted publicly in advance.

Sent money back to contributors when he didn't spend it in campaign.

Praised by Alabama newspapers for "integrity" and "sense of fair play."

Gave lucrative public contracts worth \$3 million to trial lawyer friends, after receiving \$30,000 in campaign contributions.*

Accused of violating federal election laws. Failed to file campaign affidavits required by law.*

Made false claims in 1990 governor's race, at urging of media consultant. Later, admitted falsehood to newspaper columnist.*

Who are their supporters?*

George Wallace, Jr., Alabama's small business and merchants, most of Alabama's major newspapers, numerous county prosecutors.

Rich trial lawyers who oppose deGraffenried's efforts to reform worker's compensation, and deGraffenried's efforts to lower insurance rates.*

Who has the best experience?*

1993 National Legislator of the year, recognized as best legislator in the entire U.S.

Winner of Meritorious Public Service Award, two years.

State senator since 1978. President pro tem of senate. Praised for strong leadership in handling lieutenant governor's job since April 1993.

No legislative experience.

No legislative experience.

Professional campaign worker and candidate since 1968.*

What are they saying?*

Known throughout Alabama as the "Big Guy with the Long Name."

After 26 years in politics, calls himself a "fresh face."

Today is a good day. Be grateful. Eria

THANK YOU!

Our campaign was built upon the pledge I made in 1969 when I first took my oath of office:

I shall faithfully and diligently discharge my duty by handling the people's business with dispatch and justice - according to the laws and the constitution which we, the people have adopted - and not according to any particular philosophy which might appear more expedient or more desirable.

I kept that pledge, and the victory on June 7 was a victory for the people. Thousands of people made independent decisions to vote for our positive campaign and for the things for which it stood - character and integrity - and for an independent judiciary not controlled by politics.

I shall continue to live by my pledge and do everything in my power to be the kind of supreme court justice that you deserve.

Brantley Alumni Reunion to be held July 2nd

A reunion for Brantley High School alumni is being planned for July 2, 1994 in the school auditorium. Registration will be from 4:00 p.m. - 5:00 p.m. The alumni meeting will begin at 5:00 p.m. There will be no meal, but soft drinks will be available.

There are no class correspondents beyond the year 1969. If you are interested in getting in touch with your classmates, contact Fran Tisdale. If you do not receive a letter from a classmate, consider this as your invitation and make your plans to attend.

Former teachers and anyone who attended Brantley High School, but for some reason did not graduate, are invited to the reunion.

A special attraction at this year's reunion will be a commemorative spiral-bound book containing newspaper articles and photographs of the school's three 1A State Football and Basketball Championships. The cost of a book is \$15.00. This course will begin June 21 and will run through June 30.

For information on registration contact Mr. Bob Miller at (205) 774-5113, ext. 253 or 1-800-624-3468, ext. 253.

AATC to Offer Summer short courses

Alabama Aviation and Technical College (AATC) is now registering students for summer quarter aviation short courses.

Certified Electronics Technicians (AVT 2270) will be offered from 8:00 a.m. to 1:00 p.m., each Saturday, except July 2, beginning June 18 and running through July 23. This two credit hour course provides instruction in basic electronics, math, DC/AC circuits, transistors, and troubleshooting covered by the International Society of Certified Electronics Technicians certification examination.

Lotus 1-2-3 (CIS 197) will be offered from 8:00 a.m. to 1:00 p.m., each Saturday, except July 2, beginning June 18 and running through July 16. This two credit hour course is a general introduction to Lotus 1-2-3.

FAA Maintenance Technician Certification (AMT 2440) will be offered from 6:15 p.m. to 9:20 p.m., Tuesday, Wednesday, and Thursday evenings. This two credit hour course will begin June 20 and will run through June 29. The course is designed to familiarize students with proper procedures in preparing for authorization, written tests, oral and practical tests, and temporary licensing as required by Federal Aviation Regulations Part 65 and Part 147.

Introduction to Aviation Safety (OHS 1110) will be offered from 6:15 p.m. to 9:20 p.m., Tuesday, Wednesday, and Thursday evenings. This two credit hour course will begin on June 18 and will run through July 7. The course is an overview of aviation safety within the context of flight operations, aviation maintenance activities, and aviation support activities. It emphasizes a basic philosophy of accident prevention.

Advanced WordPerfect (CIS 196 EVE) will be offered from 6:00 to 9:15 p.m., Tuesday, Wednesday, and Thursday evenings. This course will begin June 21 and will run through June 30.

For information on registration contact Mr. Bob Miller at (205) 774-5113, ext. 253 or 1-800-624-3468, ext. 253.

Pictured are two proud recent graduates of Enterprise State Junior College. They are, from left to right, Jennifer Cox, Geneva, Associate in Arts with highest honors, and Lori Marsh, Elba, Associate in Science with honors.

Most recently, Mr. Gammill was the featured presenter of a three day seminar on Human Factors at the Helicopter Association International Convention in Los Angeles, California.

Bill Gammill is married to the former Kathy Kelsie, who is a teacher at Miss Elsie's Pre-School. They have been married for 28 years and have three children: Amy, who is married to Captain Brad Snowden; Andy, who is married to the former Sharon Harrison of Level Plains; and Anna, who will be entering the tenth grade at Enterprise High School. He

attended an undergraduate degree in Business Administration from William Carey College in Hattiesburg, Mississippi and holds Masters Degrees from Troy State University in both Psychology/Counseling and Personnel Management. Mr. Gammill was a charter member of the Boll Weevil Lion's Club in Enterprise and is a past member of the Enterprise Rotary Club.

Mr. Gammill said, "I was fortunate enough to have been raised and to live in Coffee County, Alabama. Now is the time to give something back. I have the training, education, experience and desire to be the kind of public servant that the people of this county want and deserve and I'm looking forward to being their Probate Judge."

USDA seeks comments on labeling for ground beef and hamburger

The U.S. Department of Agriculture is seeking public comments on a petition to allow ground beef to carry "percent lean/percent fat" labeling statements accompanied by nutrition information.

"We have been petitioned by the meat industry to include the 'percent lean/percent fat' statement on ground beef and hamburger products," said Terry Medley, acting administrator of USDA's Food Safety and Inspection Service. "Because much controversy surrounds labeling of ground beef and hamburger, we are seeking input from consumers to see if they feel strongly about having the labeling statement and nutrition information on these products."

While new regulations that go

into effect on August 8 allow manufacturers to voluntarily use nutrition labeling on ground beef and hamburger, nutrient content claims such as "lean," "extra lean," or "percent lean" could not be made unless the products meet the criteria for these claims.

Current standard for the term "lean" is less than 22.5% fat. To be labeled "lean" under the nutrition regulation, ground beef must contain, among other things, less than 10 grams of fat per serving. To be labeled "extra lean" it must contain less than 5 grams of fat per serving.

Ticks can be a problem for both man and beast

If you are an outdoor person who likes to be outside either in the woods or in your back yard, you may eventually encounter hairy arachnid ticks attach itself to you or find one crawling on you. Also, it goes without saying that these ticks can spread disease and be a problem for pets and livestock. Most of the calls I get concern controlling parasites such as ticks for animals, but I want to address this article more along the lines of tick control around the home and living areas.

The primary reason for addressing this type of control is due to some calls we have received where people have found ticks where they haven't been finding them in the past. Of course, ticks themselves are not a huge problem. Mainly, the direct injury of a tick results from its feeding and withdrawing blood. A heavy infestation of ticks can severely weaken an animal. People are more concerned with avoiding disease and sickness.

There are four chemicals that work very well to control ticks around the home and living areas. Such as patios, decks and these types of structures. One product is Dursban. This works best to treat the area around the home up to 25 feet around it. It would also help to use a large volume of spray when you go around the home. I would like to use a dust or granular instead of a spray, and this is fine.

Peanut Herbicides That Hurt Cotton

Times we are close to 28,000 acres of peanuts and almost 11,000 acres of cotton planted in Coffee County this year. Almost every chemical that is used on peanuts will damage cotton. So you always need to be careful when you are spraying peanuts where there are cotton fields close by.

2,4-DB is always a hazard to cotton. Not only is it very damaging to cotton, but it seems that no matter what direction the wind is blowing the 2,4-DB tends to sort of "walk" over onto the cotton. 2,4-DB is so hazardous to cotton that if any 2,4-DB was used in the tank as far as 10 sprays back that would still show up and do damage to cotton.

If applying the Basagran and Starfire treatment close to cotton, be sure to leave out the 2,4-DB. Basagran and Starfire will burn and will show damage on cotton. However, if you catch the wind going in the opposite direction from the cotton, you will probably be safe. When spraying near cotton, you would also want to lower your spray pressure down to 25-30 pounds.

Classic is another herbicide people will be using on peanuts. It will also damage and hurt cotton.

You would never want to spray your peanuts by air if a cotton field is close by.

Hollow Heart Prevention

Boron is one of the nutrients essential for peanut production. The lack of boron causes hollow heart and hollow heart causes short shelf life of manufactured peanuts.

Many growers apply boron in the fertilizer at planting. If you do not get your boron on at planting time, it is recommended that you apply it with your leafspot spray. Boron is recommended at 0.5 to 0.5 pound per acre sprayed over the foliage in one of your leafspot sprays.

I would suggest you not put it in the first spray if you are banding Bravo and using a small amount of water. Wait until you are using the normal rate of water and then mix in the solubor. Solubor is 20% boron. So if you are looking for 0.5 pound per acre, you would put 1.5 pounds of solubor per acre. The cost of this is about \$1.75. Boron is easily absorbed and translocated from the leaves to the rest of the plant.

Spray Nozzles For Leafspot Control

There has been some talk concerning using flat fan nozzles to apply your leafspot spray. The recommended nozzle is the hollow cone or cone nozzles (22-13, etc.). The reason for using hollow cone is that you can get your spray pressure much higher. The recommended pressure is 80 p.s.i. or higher. The flat fan will only go up to 60 p.s.i.

So if you have a lot of foliage or weeds and need to get the spray down to your foliage, I would definitely recommend using the hollow cone where you can get greater spray pressure.

Outstanding Ag student honored

The title of Outstanding Ag Student goes to Eric Cox. Eric is the son of Mr. and Mrs. Fern Cox of Elba. Presenting the award to Eric was Mr. Brian Heaton, the Vocational Agriculture teacher for Elba High School. The award, sponsored nationwide by DEKALB Agricultural Accomplishment Award. This award goes to the outstanding senior agriculture student who demonstrates superior scholarship, leadership and a superior supervised agricultural program.

Eric has been an active participant in the Ag program at Elba High School for the last 4 years and is termed a completist, meaning that he has taken all the classes in this program. As this year's winner, Eric received a pin and a certificate. His name will be inscribed on a special plaque that is on permanent display in the Agribusiness Department. The DEKALB Award, one of the highest honors a student can receive on the local level, is presented at nearly three thousand schools annually.

A long time supporter of youth activities, DEKALB has presented Ag Accomplishment Awards since 1947. In addition, the company sponsors college scholarships for certain Ag careers. Based in Dekalb, Illinois, DEKALB Plant Genetics Corporation, a publicly traded firm engaged in research, production and marketing of agricultural seed, bird swine and egg-laying breeding stock.

I personally have not noticed more ticks than what we generally might find here in south Alabama. But if you have a problem around your home, these control measures should take care of it. Also, if you are on contract with a pest management company, they can do the spraying for you as well. If you have any further questions concerning pest control on animals or around the home, call us at 894-5596 and we will be glad to help you. I would like to also note that these chemicals that I have recommended cannot be used on animals. These recommendations are strictly for use around the home and not inside the home.

Fabulous food ideas for the fourth

Show your patronage this July 4th by using an American favorite - peanuts! From appetizers to the main dish, peanuts and peanut butter will no doubt bring out a great taste for the summer holiday.

While tossing around ideas for your holiday menu, try one or all of the following peanut and peanut butter recipe suggestions. As an appetizer, family and friends will love the spicy taste of "Nutty Nachos" followed by a cool "Curried Chicken Salad", two dishes sure to meet their approval. As for your BBQ chicken or ribs, "Southern Style Peanut BBQ Sauce" will have everyone licking their lips over the delicious taste. For dessert, fulfill a peanut butter lover's dream with "Peanut Butter Dream Ice Cream". Use any or all of these peanut and peanut butter recipes for a special attraction to your holiday menu.

NUTTY NACHOS

1 can (3 1/2-oz.) jalapeno bean dip; 1/2 cup peanut butter, creamy; 1 tablespoon hot chili powder; 1 bag (5 1/2-oz.) nacho chips or taco chips; 6 oz. cheddar cheese, shredded.

Mix bean dip, peanut butter and chili powder together. Spread bean dip mixture lightly on the nacho chips. Sprinkle with cheese. Place nachos on a cookie sheet under broiler until cheese melts.

CURRIED CHICKEN SALAD

2 cups cooked chicken, cubed; 1/2 cup celery, diagonally sliced; 1/2 cup green pepper, finely chopped; 1/2 cup chopped roasted peanuts; 1 teaspoon onion, grated; 1/2 cup mayonnaise; 2 tablespoons light cream; 1 tablespoon cider vinegar; 1 tablespoon chopped chutney; 1 teaspoon curry powder; salad greens.

In a large bowl, stir together chicken, celery, green pepper, peanuts and onion. In a small bowl, stir together mayonnaise, cream, vinegar, chutney and curry powder. Add to chicken and toss well. Chill several hours before serving. Arrange on salad greens. Yields: 4-6 servings.

SOUTHERN STYLE PEANUT BBQ SAUCE

1 cup vinegar; 1/2 cup peanut butter; 1/2 cup mayonnaise; 1/4 cup peanut oil; 1/4 cup Worcestershire sauce; 1/2 cup mustard; juice of one lemon; 1 tablespoon salt; 1 tablespoon black pepper.

In medium bowl, combine vinegar, peanut butter, mayonnaise, peanut oil, Worcestershire sauce, mustard, lemon, salt and pepper. Stir to mix well. Serve over chicken or ribs.

PEANUT BUTTER DREAM

ICE CREAM
2 cups half-and-half; 1 quart cream; 1 1/2 to 2 cups peanut butter; 16 egg yolks; 1 cup sugar.
Heat half-and-half and cream with peanut butter. Combine egg yolks and sugar. Pour hot liquid into egg yolks. Put back into pot and very gently beat for 2 to 3 minutes and turn in ice cream machine. Serve with chopped peanuts and whipped cream as a garnish.

On Farm Issues,

Larry Lee Means Business

That's why farmers and rural Alabamians in Coffee County are working to help Larry Lee become our new State Senator. Larry Lee grew up on a farm, studied agriculture at Auburn University and was an editor with PROGRESSIVE FARMER. He's spent his life working on issues important to rural Alabama.

The fact is that agriculture is critical to our area and Larry Lee is the only candidate for the Alabama Senate with agricultural experience. Larry Lee will use his office to help protect important farm programs. He will continue the fight for the peanut program, the boll weevil eradication program, a growing poultry industry, and a viable wood products industry.

This is why he's being supported by farmers, small business people, teachers and working men and women. By comparison, his opponent Terry Ellis is being supported by plaintiff trial lawyers who file personal injury lawsuits.

We can make a positive difference in this election, but only if we go to the polls on Tuesday, June 28 and vote Larry Lee for Senate. We need someone in the Alabama Senate who understands issues important to farmers and rural Alabama. That man is Larry Lee. On Tuesday, June 28, vote Larry Lee for Senate, District 31.

KLEINERT'S INC. OF ALABAMA APPRECIATION WEEK PROCLAIMED BY CITY OF ELBA

Kleinert's celebrates 125 years of operation - 25 years in Elba

by Ferrin Cox
Publisher

This week marks a milestone in Elba and in the United States of America. Kleinert's is celebrating 125 years of continuous operations in America and at the same time the firm and employees are celebrating 25 years in Elba.

Kleinert's started sewing in 1969, just a few years after the first Singer sewing machine was patented and only six years after Ebenezer Butterick developed the first paper dress patterns. This was long before Henry Ford pioneered his now famous assembly techniques in his Detroit car factory in the year 1913.

The company has survived two world wars, the Great Depression, introduction of color TV, assassination of President John F. Kennedy and Martin Luther King, the building and the tearing down of the Berlin Wall and the 1994 signing of the

NAFTA agreement.

The Elba plant opened originally as a brand new 180,000 square foot facility, after starting a pilot plant in a small existing facility. Ground was broken for the new Elba plant in

Kleinert's, "The Home of Quality Products Made by Quality People - 125 years of Excellence."

1969, the same year Apollo II landed on the moon and Neil Armstrong made his historic walk on the moon. Two expansions later there is now 360,000 square feet under that one roof. Efficiency and togetherness are required to get all the necessary workers and equipment into even this huge building as the company continues to grow and prosper.

There are at present 852 employees working in the Elba plant.

Quoting management, "Employees who make a quality garment, competing successfully with low priced imports."

The plant has a history of steady employment throughout the 25 years

In Elba. There have been short periods when a line was down for retooling, etc. but there is no history of major permanent layoffs, even during recession times.

There are also 150 employees in a relatively new plant in Greenville, AL.

A sign at the entrance of the Elba plant reads, "The Home of Quality Products Made by Quality People - 125 years of Excellence."

Locally the company is commemorating the event in several ways. On Tuesday night of this week the annual company softball games were held at Hawkins Williams Park. Thursday night a reception and dinner will be held at Elba High School for employees with over 20 years service. There will be over 100 employees and their guests honored at this gathering. Jack Briar, Chairman of the Board and other company stockholders will be present on Thursday and Friday to express their gratitude to these loyal employees.

Friday will be Employee Appreciation Day at the Elba plant. This has become a treasured annual tradition with the employees as the company management joins its employees in posting decorations around the plant, refreshments are served and prizes awarded to lucky workers. This event is traditionally held just prior to the beginning of the July 4th vacation period.

Published in conjunction with the anniversary is a history of the company from 1869 to 1994 with full color photographs. It includes state-

ments by founder Isaac B. Kleinert and by today's Chairman Jack Briar, plus reproductions of advertisements from "The Early Years."

The company also produces a cookbook with employees submitting recipes. The over 500 recipes vary from a Southern flavor to the Northern touch.

The City of Elba has issued a proclamation declaring the week KLEINERT'S INC. OF ALABAMA APPRECIATION WEEK in Elba, Alabama.

Exceptions from the City proclamation note the company has served the nation for the last 125 years and Elba for the past 25 years; Kleinert's provides the people of the City of Elba and its surrounding communities with jobs and a means to support their individual families; those employees provide, in return, services to the City of Elba and her people at all times.

The Elba Chamber of Commerce is also planning to present a proclamation to Briar and the employees on Friday morning.

KLEINERT'S WEEK was officially proclaimed by Elba Mayor Ricky Haywood on Tuesday afternoon. Looking on are local management personnel of the company, (seated) Myrna Cowen, and (standing from left) Pinckney Sims and Bud Daniels.

Primary run-off elections now history

The primary elections are now history. The voters of Elba and Covington and Coffee Counties plus a portion of both Dale and Houston Counties.

At press time, late reports had Elba's leading Lee district-wide. Winning the Coffee County Coroner's race (Elba Division) was Marvin McIlwain. He won by a 39 vote margin over Preston Kelly, Jr. The total vote in this race was 1,485 to 1,446 respectively.

In statewide primary run-off elections, voting on the Democratic ticket by Coffee Countians was as follows:

Lieutenant Governor: Don Siegelman - 4,384; Ryan deGrafenried, Jr. - 3,161.

State Auditor: Charley Baker -

4,639; Johnny Ford - 2,150. Commissioner of Agriculture & Industries: A. W. Todd - 3,946; Mac Parsons - 2,804.

Voters cast by Coffee County voters in the Republican Party run-off election - statewide - were as follows:

Governor: Bob James - 580; Ann Bedsole - 338.

Secretary of State: James K. Watley - 380; Vickie W. Gavin - 339.

Commissioner of Agriculture: Jack Thompson - 511; Nathan Lipscomb - 204.

Democrat and Republican nominees will square off against one another in the General Election on Tuesday, November 8, 1994.

CLOSING OF OLD COUNTY LANDFILL DECLARED EMERGENCY

by Marvin McIlwain
Editor

Day Care Center in Enterprise and the closure of the old office building.

Ken Ball, with the Coffee County Health Department, gave the community Commission on the progress of the proposed Adult Day Care Center for Enterprise.

In the May 23rd meeting, commissioners instructed Ball to negotiate further with the Enterprise Board.

HAPPENINGS

JULY 4th CELEBRATION. The Elba Jaycees will sponsor a 4th of July celebration at Hawkins-Williams Park on July 2nd & 3rd. There will be live bands, games, crafts, food, clogging, fireworks and much more. Anyone interested in a craft space should contact Robin Davis at 897-5883.

STORY HOUR. The New Seasons Study Club will sponsor a story hour at the Elba Public Library on Thursdays, July 14, 21, & 28 from 10 a.m. to 11 a.m. Children, ages 3 through those who have completed kindergarten, are invited to attend.

WORKSHOP A Think!! Write!! Workshop for interested students in grades 2-9 will be held at the Elba Elementary School on July 25 through July 29. Teachers may participate in the workshop also. The workshop will meet Monday through Friday, 8:30 - 12:00 noon. A fee of \$40 will be charged. For additional information call the Elba Elementary School @ 897-2814.

GARBAGE SERVICE. In the City of Elba, there will not be a garbage or trash pick up on Monday, July 4th. The Monday route will run on Tuesday, July 5th, and the Tuesday route will run on Wednesday, July 6th. Environmental Waste Systems will be running normal garbage service on Monday, July 4th. Residents are asked to have their garbage out by 5:00 a.m.

FARMER'S MARKET. The Elba Chamber of Commerce invites all gardeners to share their produce during the growing season. A Farmer's Market is available for set up on the north side of the square each Saturday morning through the growing season.

FOURTH OF JULY HOLIDAY CLOSINGS. The following offices will be closed on Monday, July 4, 1994: City of Elba offices (Call the Elba Police Department @ 897-2555 for street, water and electrical emergencies); The Town of New Brockton offices; and all state & county government offices located in the Elba & Enterprise courthouses.

Nursing Home Board (ENHB) on Dr. Stanley's old office building.

He reported that the Board tentatively agreed to the following: a contract was completed on time, at \$500 per month - reviewable on an annual basis; ENHB will maintain insurance on the property; the health department will insure the contents and provide liability coverage; ENHB will be responsible for structural maintenance, and the Center will maintain general maintenance and the heating & cooling units.

The Center will also be responsible for the utilities. Ball told commissioners that the Board would not consider a long-term lease at this time.

In the May meeting, commissioners were given an estimated cost - between \$7,000 and \$8,000 - for renovating the building for use by the health department.

The commission will be responsible for payment of the monthly lease and the renovation.

After a brief discussion, the commission voted - once again - to proceed with the preparatory negotiation of a lease agreement with the Enterprise Nursing Home Board.

County Engineer Mark Pool told commissioners that time was becoming a critical factor on the closing of the old county landfill. The deadline is October 9, 1994.

He stated that to insure the project was completed on time, it was necessary for the county to lease a pan (an earth moving piece of equipment) to work on the project.

The matter has been turned over to the investigative division of the Elba Police Department.

Charges of burglary in the third degree, which is a Class C felony, are expected to be filed against both suspects in the case.

Presently, Johnson has been released on an appearance bond.
